

INTEGRAL SENIOR LIVING

OUR Approach to Care

Coastal Heights Senior Living continues to be different and better in the ever-changing senior living market.

How We Care at (Your Community Name)

Here at Coastal Heights, we are proud to utilize Sandi Flores Consulting to support the care needs of our community. This professional and experienced group focuses on key elements of the care system, which include a variety of ways to provide and monitor cutting-edge care.

Our Approach to Care

Our philosophy of care is centered around providing residents with assistance in their daily activities while encouraging the highest level of independence possible. The daily focus of our care program is to support the staff to enable them to successfully deliver appropriate care that respects the unique care desires and needs of each resident. Comprehensive care systems that create consistency without rigidity are the foundation for care.

Our team is as varied as the needs of our residents living in senior living. With Sandi Flores Consulting, we have registered nurses with strong clinical skills, licensed nurses with strong EHR skills, a Ph.D. who works with policy and regulations, and support nurses to assist the communities on-site, perform audits and complete trainings.

We Are Passionate About Care

Our passionate approach not only ensures first-rate care to our residents but also provides you and your family peace of mind that your loved one's needs are being met with compassion, respect and dignity.

We Support To Provide Unparalleled Care

Sandi Flores Consulting supports Coastal Heights Senior Living to complete ongoing trainings that hold our care associates to the highest standards of care. Coastal Heights provides detailed training and support materials through education and additional interactive web training to provide ongoing support.

We Provide Cutting-Edge Care With Technology

Coastal Heights Senior Living partners with advanced technology provider Eldermark to fully embrace technology and utilize it to enhance the quality of care provided to our residents.
