

ELEVATE

an enhanced culinary experience

By creating meaningful connections through cuisine, Elevate transforms the dining experience into a culinary celebration that inspires the engagement of our residents, families and friends.

Elevate is a culinary program that goes far beyond the industry's traditional culinary experience. Elevate brings a new standard to the innovative lifestyle Integral Senior Living already provides to our residents on a daily basis. We at your community name are all very excited about this fantastic program and look forward to enriching the lives of not only our residents, but our families, friends, employees and the local community.

A restaurant-inspired dining experience

A chef-created menu that focuses on resident and regional favorites

Food for Thought meetings promote open communication between the residents and the culinary team to enhance the community's dining program
